COASTAL ASSOCIATION OF HEALTH UNDERWRITERS

June 2007

President-Elect's Message

Connette Bradley

All of our heads together are smarter than any one of us alone, and I'm the moderator.....officially in-coming president. I want all of our membership to realize that our local board of directors is passionate about organizing efforts to make a difference in someone's life, or in a community organization, like Tileston. We strive to stretch our dollars and our time to help others while positioning our organization--our members-- in a positive light in our community. Well-trained and well-meaning agents and brokers are of utmost importance in serving people's insurance needs. In 2007-08 we will add programs with an emphasis on wellness, including "alternative medicines" like acupuncture. Now I have an invitation. **We have three open chairs on our board available.** We're looking for volunteers who are passionate about our industry, and about serving others. We have a great time brainstorming about new things we can do and new ways to do things, and every year we accomplish more, contribute more, and we even win national awards! For anyone who has an interest in finding out more, or if you know you'd like to be part of the our wonderful planning team, e-mail me at chbradley@earthlink.net. Thank you. Have a GREAT summer!

*Three CAHU Board Member
Positions Available for 2007-2008.*
